

Katie Brennan
955 Legends Terrace

My husband and I have lived in Snee Farm since June of 2017. We initially moved into a home on Parkway Drive and just recently moved to Legends Terrace. We appreciate the unique pockets of Snee Farm and the variety of homes within the neighborhood as a whole.

I'm a level headed, solution-oriented individual. I believe our neighborhood covenants contribute to the value and desirability of Snee Farm. While the neighborhood is experiencing an influx of new residents, I believe it's important to ensure the community stays true to it's identity and not fall victim to trends/patterns/behavior that damage the long-term value of Snee Farm.

I'm an excellent problem solver with an abundance of patience (that is regularly tested by my toddlers), and have absolutely found my home in Snee Farm.

David Lane
875 Law Lane

Graduated from University of Georgia 1997.

Moved to Snee in 2003.

Married to Leslie Lane and have two daughters ages 7 and 11.

Owner/Guide for Marsh Maven Fishing Charters since 2011.

Interests- fishing, traveling, cooking, camping, college football.

Reason for applying to board is to be a pragmatic, objective servant for the Snee Farm Community.

Jeff Kline
990 Colonial Drive

My name is Jeff Kline and my wife and I moved onto Colonial Drive a little over a year ago. We're new to the Charleston area and Snee Farm has been a great home for us so far. I'm looking to join the board to get involved in our community and meet more of our great neighbors. I currently work on the corporate strategy team at Blackbaud and have spent my entire career in finance and M&A. I'm pretty passionate about landscaping / gardening and you can usually find me digging, planting or pruning something in my yard. In my free time I enjoy golfing (usually at Snee Farm CC) and hanging out at the beach with my golden retriever Ryder.

Jodi Daniels
1054 Loyalist Lane

I have served on the Board of Directors for the past three years, serving as the Secretary for the last two years. I've found the time to be rewarding, challenging and sometimes surprising. As a retired Physical Therapist/Athletic Trainer, I am able to work with a variety of personalities. Organization and follow-through are important to me, as well.

As part of the Landscape Committee, it was tremendous to see the Landscape & Signage Project planning to completion. I would like to continue to serve on the Board for another 3-year term to see the remaining capital projects completed and the work with the community on continuing to make Snee Farm an area where we want to live.

TJ DeDuca
985 Colonial Drive

I have lived in the Charleston area since 2011, owned 2 homes in Snee Farm and look forward to continuing to live here with my wife and daughter.

I have served as a Director on the Board for the past 3 years overseeing restrictions and helping plan our large renourishment project.

I feel like there are still great opportunities for the board to improve the neighborhood including revised ADAR, new website and social media outlets.
